DIBELS DAZE Assessment Online
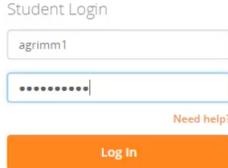

*Progress Monitoring DAZE should only be used on students when every other DIBELS measure is solid.

How to get usernames & passwords for your students: Log in: **mclass.amplify.com** Choose **Classes** & Groups	Home Notices Classes & Groups Support
Click on your class name. A new section will open. Click on student logins. Hit **Print All**. Cut apart and give to students before they begin testing.	Class Info Student Logins
• Most labs have the **DAZE** icon on the desktop of the computers. If so, students will click on this icon before entering their user name and password. • If you don't have this icon (or are using an iPad), open Safari and enter **mclass.amplify.com/student**. The address is on the sheets you cut apart. **Log in as a student.** • Students enter **their** user name and password then **Log in**	Student Login agrimm1 ••••••••••• Need help? Log In
• Have students check the name at the top of the screen to be sure it is theirs. • Students put on headphones and press **Start.** The student will be given testing instructions through the headphones. • A timer will count down 3,2,1. Tell students to begin testing as soon as the sentences appear. • Use the green arrow on the right to scroll down to additional sentences. • See the very important note to the right. See below for instructions on how to switch from Benchmark to Progress Monitoring. If you test Benchmark then that score will be the score for the next assessment period. It can't be changed.	Progress Monitoring START ***It must say "Progress Monitoring" if you are Progress Monitoring students. If it says "Benchmark" when you log in then the Progress Monitoring window has closed and you will need to follow the directions at the end of this document to switch to PM.**
• Once 3 minutes is up, the student will see a short graphic followed by the words "**You are done".** • After that, students go to the arrow next to their name and choose **Log out**. • It will ask "**Are you sure you want to log out**?". Student chooses "**Yes**". • Collect usernames and passwords for the next assessment.	Log Out

How to switch from Benchmark to Progress Monitoring:

If the Benchmark window has opened and you still wish to Progress Monitor: • Click on "Online Assessment Management" instead of the blue tile.	
• Next, switch each individual student that you want to assess to PM (Progress Monitoring) • You will need to switch these back before your students take the BM (Benchmark) test
